

095:

A rectangular building, 60 by 30. Built of metal and wood. There is heavy metal door at one end; at the other end is a three foot metal door. No windows.

Containers: Smooth rounded cylinder type objects associated with explosives-- mechanical ignition.

People who are in control have dark hair, dark skin, ages 25 to 40, in cotton pants and short sleeve shirts. They train in specific skills and tasks.

Inside the building: Long table black hard substance. Built is shelves. There is a large metal sink and counters. Primitive, hastily dug basement smells of dirt.
